THE VISIONARY

Education is the first step towards making people aware of their rights and responsibilities. The University was established with the dream of making young Indians not only professionally sound but also for developing '**Awakened Nationals**', who are inclined towards not just building their careers but making their parents and peers proud while fulfilling their social and national duties.

The University was established with the motto of '**शिक्षा, सेवा एवं संस्कार**'. As the University has just completed almost a decade of its establishment of being a University, there is much it has achieved and there is much it still has to. The whole team has worked hard, won appreciations, won awards, but as they say, '**aim high**' and work for it.

India was once known as the '**World Guru**.' The dream of reaching those heights in the field of education once again is yet to be achieved. I am sure my team of faculty members and young 'Subhartians' in the making, will certainly achieve it. My best Wishes and blessings to all for achieving more and more with each passing day
